**Do you want to gain any Residential/Camping Qualifications
including International and Large Scale Events Licences?**

Need Help?

Here's a step by step Guide

1. Inform your District Commissioner about your intentions to take your unit away.
2. She will put you in contact with Babs Smith. 07725555407, sharman@talktalk.net (County Residential/Camping Adviser).
3. You will be allocated a mentor who will advise and support you as you plan your camp/holiday.
4. You will need to purchase yourself a Camp and Holiday Scheme book via trading or your local trading depot.
5. Give yourself adequate time to complete all the modules required to complete the qualification you are undertaking.
6. Complete the residential form at least 4 weeks before the event takes place. Guidance notes for completion can be found with the form (page 3)
7. Forward the residential form to your DC along with a list of all adult participants including registration numbers and non guiding children with ages, and an outline of your programme.
8. Your DC will then check your form, and it will be returned to you if everything is correct.
9. Arrangements will be made for a Camp/Holiday assessor to visit you while you are away with your girls.
10. The qualification will be awarded once your book has been verified.
11. Once your licence is gained it must be used at least once every three years to ensure your residential/camping skills are kept up to date.
