

This is **YOUR** chance to have **YOUR** say

Ever had a brilliant idea but don't know how to make sure **YOUR** voice is heard?

WELL THIS IS FOR YOU!

Use "Talk Back"

There is space to write **YOUR** views or comments raised at meetings. There is also space for those brilliant ideas—big and small.

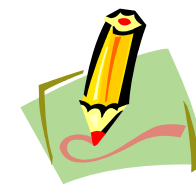

"Talk Back" doesn't have to be used at every meeting—use it when you need to.

It is a direct tool for **YOU** to have **YOUR** say.

YOUR right to reply.

YOUR means of doing so.

T.E.A.M. work is what we need.

Talk Back!

This is your chance to have a say!
