County International Report – April 2012

Not much from this side this month sorry, it has all been crammed in to previous reports.

International Selection - Guides/Senior Section

The deadline for applications has now passed and those who have shown an interest will be sent further information about the selection weekend at Broneirion on the 13th – 15th July in the next couple of weeks.

International Selection - Leaders

If anyone would be interested in leading a group of Welsh Guides on an International experience in 2012 then please let me know.

Ideally you should attend the GAINING training on Sunday 29th April at Broneirion but should be available to attend the selection weekend between the 13th and 15th July at Broneirion.

However, if you cannot attend but are interested please let me know and I will refer you on to Julie Thomas to discuss the opportunities further.

GAINING Training 29th April 2012

Being held at Broneirion next weekend. Anyone interested in leading a group of Welsh Guides or just interested in finding out more about the international opportunities and taking just yourself or your unit away should attend to find out more of the opportunities available and obtain some helpful information when planning a trip.

County International Evening

Thank you to those who came along to this event. It was lovely to hear about the opportunities that Guides from the County had last year internationally be it going away as part of a Wales group or with their unit.
